

Institute for the Scientific Study of Consciousness

Activities Include

1. Research

- a. Journal of Alternative and Complementary Medicine, 12/2011 on Energy Healing, it's effect on white counts, and the data stream of a true random number generator (RNG).
- b. Joint research project International Remote Viewers Association and ISSC on effects of the phases of controlled remote viewing on the data stream of a true RNG.
- c. Joint research project with Keri Beem Research Foundation on human ability to remote view presence of a virus in a tomato plant, (in press)

2. Education

- a. Grant to Aesthetic Impact for Webinar Series
- b. Ongoing lectures by Dr. Morse to Medical and Scientific Community

Spiritual Neuroscience

Researching the brain's link to nonlocality
(the spaceless timeless all informational domain)
(God)

Treatment of
post traumatic
stress disorder

Controlled
Remote Viewing

Energetic
Healing

The mind's ability to alter the data
stream of a true random number
generator

Near Death Experiences
especially in children
Spiritual Visions
Death and Dying
